

## Bush Hog® Rear Mounted Blade

### 70 Series

The medium-duty 70 Series Blades are designed for landscaping, road maintenance, and snow removal. These blades feature a heavy duty mainframe and high-strength, reinforced moldboards to ensure years of trouble-free performance. The 70 Series Blades are rated for use on two-wheel drive tractors up to 70 PTO horsepower and four-wheel drive tractors up to 55 PTO horsepower. These blades feature tilt, angle and offset adjustments in both forward and reverse positions.
