Re: Street Construction & Drainage Concerns
Legendary Estates Addition
Stockwell No. 11115

Dear Andrew,

Stockwell Engineers, Inc. (Stockwell) appreciates the opportunity to add civil engineering services at the request of City Staff. The additional services include conducting an elevation survey of backyards and the lowest water entry of houses in seven detention pond areas of Legendary Estates (approximately 70 lots). The extent and level of service provided by Stockwell staff will remain the same as outlined in our May 21, 2016 proposal.

Stockwell will bill professional fees for this amendment on an hourly basis. We estimate the fee for these services to be approximately \$6,300.

Please do not hesitate to contact our office if you have any questions.

Respectfully submitted,

Approved by Client
