Dear Mr. Pietrus,

We have completed our review of bids received for the referenced project. The total bid amounts are as follows:

In regard to the low bidder, our office has researched their past history on similar type projects. No record of suspension or debarment was reported. We consider the bidder to be a responsible contractor.

In conclusion, we find the bids to be in order and recommend award of the contract to the low bidder, Asphalt Surfacing Co., in the amount of \$70,970.00.
