Please attach a drawing of the work to be done.

E-mail completed form to buildingservices@harrisburgsd.gov

Failure to construct and maintain the installed utility in accordance with the provisions of this permit will automatically render this permit canceled and will constitute grounds for the removal of the utility and full restoration of the site at the applicant's expense.

The following conditions apply to the work performed under this permit:

1. Any damaged or disturbed portions of the right-of-way shall be restored to equal or better conditions than existed prior to the beginning of work.
2. Disturbed areas shall be maintained for one year after completion of work.
3. Traffic shall be protected during construction and maintenance by using the proper signage, barricades, lights, or flaggers as prescribed in the current version of the Manual on Uniform Traffic Control Devices.
4. The City of Harrisburg and its employees shall be indemnified and held harmless for all actions or claims of any kind or nature brought because of any injuries or damage sustained because of the use or occupancy of the public right-of-way due to the work described in this permit.

I hereby request permission to construct and maintain a utility facility on the above-described public right-of-way and as shown on the attached plan. I agree to abide by all applicable rules and conditions for the project described in this application.
